Mrs. Lena Guilbert Ford, author of the immortal song, "Keep the Home Fires Burning," was killed in a German air raid on London. Mrs. Ford was an American, and never fear but Americans will keep the home fires burning, and our poets song and her tragic fate will add fuel to the flames.

The average American is likely to become confused by the different lines of advice being given him these days. First he is told that he must not curtail business, must not draw in on expenditures, but that the success of the Allied cause can only be assured by keeping business normal. He is assured that business stagnation would be fatal to our plans, and must not be permitted. On the other hand, he is urged to save, save, save. This for the purpose of loaning to his government. There is a homely old saying that "one can't eat his cake and have it." Americans would seem to be up against just such a proposition—they cannot save and spend at one and the same time. There must be a sensible medium somewhere. We must keep business moving, of that there can be no doubt, and this very naturally presupposes, something like normal habits of life. On the other hand, we must also save, to meet the many calls upon us. If there is a Solomon among us, it seems about time he should come to judgment.

—SH! What would happen to me if I were your kid? Well, if you're not acquainted with Calumet Baking Powder, you don't know what a good excuse I have. I can't help helping myself—there's no great secret for me too, because Calumet Baking Powder is so good and so safe and so clean, it's the only one that mothers use.

CALUMET BAKING POWDER

Increases its purity—because it always gives best results and is so superior to corn and wheat.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

You save when you buy it. You save when you use it.

GOOD COLORED WOMAN DEAD.

Sallie Withers, colored, wife of George W. Withers, died at her home last Sunday morning, of heart trouble. The deceased was highly respected, by both white and colored people. She was born in Garrard county about 60 years ago and was living at White Oak at the time of her death. Her husband, three sons and two daughters survive.

WAR SAVINGS STAMPS HONOR ROLL.

Sales of War Savings Stamps and Thrift Stamps, maturity value, by authorized Agents up to Saturday March 23rd, are as follows:

Boy Scouts	\$2441.75
Citizens National Bank	1848.75
E. P. Brown, Lancaster P. O.	1092.75
Davidson and Tomlinson	240.00
Robt. Walker, Pt. Lick P. O.	202.25
Kirby Teater, Lancaster R. 3.	130.00
Total	\$5054.50

This is but little over two per cent. of the apportionment for Garrard County for the year 1918. The year is now 25 per cent gone. Garrard County's efficiency is therefore only 3 per cent. If Pershing's army is fighting at only 8 per cent. efficiency, and the Kaiser fights at 100 per cent. efficiency, what will the result be? What is your responsibility in this matter?

H. V. Bastin, Chairman,
Garrard Co. War Savings Committee.

DOG LAW

The legislature which adjourned last week adopted the most stringent dog law on record—such a law as the sheep raisers have been wanting for years. Farmers say that sheep raising will be greatly stimulated.

A tax of \$1.00 per year will be charged on the first male dog; \$2.00 on the first female; \$2.00 on second male dog and \$4.00 on second female, and so on. All dogs must be kept up at night. People are permitted to kill any dog found running at large without its owner, day or night. Stray dogs, not killed, must be impounded by the sheriff of the county and a heavy penalty is provided for any sheriff who fails to do his duty. Every dog must wear a license tag.

LAND TO RENT.

GARRARD CIRCUIT COURT.

GET YOUR HORSE CARDS.

We are better prepared than ever to get out your horse cards and those contemplating having some printed should call on us about this matter at once.

In this issue appears the advertisement of some well bred ones, chief among them being that splendid individual, King Monroe, owned by N. W. Rogers, and who had him on exhibition yesterday, where he was admired by all who were fortunate enough to see him. He is just as good as his pedigree would indicate and all should read it on another page of this issue.

Roger Denmark, another splendid horse, owned by H. P. Conn, near Paint Lick, being an inbred Denmark and has proven a good sire. His pedigree in this issue and will be carried throughout the season. Some premium jacks are in the service this year in this county, so watch the paper and don't make the mistake of breeding to an inferior one. Mules are higher and in greater demand than was ever known and mule colts are sure to bring good prices.

489 CONVERTS AT BEREA.

Berea College arranges for a special meeting for one week each year. This year the preacher was Brother Williams, who has been so much loved by the soldiers at Camp Taylor. He spoke every morning at the regular College Prayers, and preached every night, for a week. There were some to take the stand for Christ the first night, and it increased until the last night, there were a full hundred.

It is the plan of the College not to urge students to join the College Church, but the home churches where their parents belong. The converts are organized into what is called "The King's Regiment" which holds meetings regularly until the end of the college year. Each member of "The King's Regiment" wears a little button like a Y. M. C. A. badge, and to each convert has been given a small copy of the Gospel of John. This will mean good re-enforcements for hundreds of mountain churches, and the answer to the prayers of many fathers and mothers.

COURT DAY CROWD LARGE.

Last Monday brought a big crowd out to attend the regular monthly court day and business in some lines was brisk. Mules seemed to have been in more demand than any other class of stock and quite a number changed hands, although there were no good ones offered. The horse market was the dullist ever seen and while a number were offered, there were few bidders. A few cattle sold rapidly at what seemed unheard of prices, for the class of stock that was on hand. John Hicks sold a nice horse mule to Bowen Fox, for \$225; W. S. Carrier bought a team of western mares of Charlie Dean for \$425; Yantis and Embry sold a nice four year old jack to Joe Wright, of Boyle, for \$400; Lem Teater bought a team of Chas. Rigby for \$425 and sold a team to George Hall for \$385; Jack Cox sold a dandy milk cow to J. C. Williams for \$100; W. V. Gastineau sold his splendid walking horse, 4 years old to Mr. Chas. Clay, of Bourbon county, for \$400. This horse was raised by Mr. Gastineau and was considered the best plantation horse in the county.

P.B. WILLIAMS

When Secretary of War Baker was under investigation, among the criticisms leveled at his administration was that he and the war were 30,000 miles apart. The secretary answered every other criticism to the satisfaction of the country and then went to France. He is now in close personal touch with the war and it is to be hoped his critics are satisfied and will go to boosting. Work is what is needed anyway, not criticism.

GOOD-BYE BOOZE.

The anti-shiping bill, passed by the recent session of the Legislature, will go into effect June 20, 1918, and after that date it will be unlawful for any intoxicants of any character to be brought into local option territory even for personal use.
